PROFILE

Entry-Level Full Stack Developer with experience in Java, JavaScript, React.js, Node.js, Express.js, and MySQL. Skilled in building RESTful APIs, full-stack web applications, authentication systems, and database-driven applications. Familiar with MVC architecture, SDLC, Git/GitHub, and Agile development practices. Seeking a Software Developer / Full Stack Developer role.

SKILLS

Programming Languages: Java, PHP, JavaScript, TypeScript
Frontend Technologies: HTML5, CSS3, Bootstrap, Tailwind CSS, React.js
Backend Technologies: Java, PHP, Node.js, Express.js
Databases: MySQL, MongoDB
Tools & Platforms: Git, GitHub, Linux
Core Concepts: OOPS, CRUD Operations, REST APIs, MVC Architecture, SDLC
Soft Skills: Problem Solving, Debugging, Team Collaboration, Communication, Time Management

TECHNICAL PROJECTS

E-Commerce Website | https://github.com/AnkushYadav11/E-Commerce   Oct – Nov 2025
Technologies: PHP, MySQL, HTML, CSS, JavaScript

- Developed a full-stack e-commerce web application using PHP, JavaScript, and MySQL
- Built REST-style backend logic with authentication, session management, and role-based access
- Implemented CRUD operations for products, users, and orders, handling 1,000+ records
- Optimized SQL queries, improving page load time by ~30%
- Used Git and GitHub for version control and collaborative development

Hotel Management System | https://github.com/AnkushYadav11/HotelManagement-System   Nov 2025
Technologies: Java, MySQL, Swing

- Built a desktop-based hotel management system supporting guest management, check-in/check-out, and inventory tracking.
- Implemented complete CRUD operations handling 1,000+ daily transactions with high data accuracy.
- Designed interactive UI using Java Swing with JTable for room availability and booking management.
- Optimized MySQL queries, improving database response time by approximately 40%.

INTERNSHIP EXPERIENCE

Static.inc Educare   Kandivali, Mumbai
Software Development Intern   Sep 2020 - April 2021

- Assisted in designing, developing, testing, and debugging software applications to ensure performance and reliability.
- Worked with Java, Python, Django, and Git/GitHub for collaborative development.
- Identified and resolved software defects, reducing average bug-fix time by 10%.
- Contributed to the development of a travel website, improving user experience and functionality by 5%.
- Gained hands-on experience in version control, debugging, and software development lifecycle practices.

EDUCATION

Shree L.R. Tiwari College of engineering   *Mira-Road, Mumbai*
Bachelor of Engineering in Electronics and Telecommunication Engineering   Sep 2021 - May 2024

- Relevant Coursework: Java, Python, Computer Networks, Linux
- CGPA:-6.37

Thakur Polytechnic   Kandivali, Mumbai
Diploma in Computer Engineering   Sep 2018 - May 2021

- Relevant Coursework: Operating Systems, DBMS, Web Designing, Java, Python
- Percentage: 80%

CERTIFICATIONS

- Full Stack Development Certification – SDAC Infotech   Feb - Dec 2025

EXTRACURRICULAR

- Mega Hack 4.0 (24-Hour Hackathon) – St. John College of Engineering, Palghar   March 2024
